

### **Cared for children team**

This team ensure our most vulnerable children are supported to achieve their full potential. They are responsible for the care planning for our cared 4 children. They are responsible for seamlessly progressing the child and young person's preparation and transition to independence.

### **Child protection and court team**

This team has the privilege of working with children and families who are subject to child protection plans, pre-proceedings and care proceedings. The work in the service ranges from Child In Need (following step-down from Child Protection) to facilitating plans for permanence for some children via Adoption.

### **First response team**

This team are responsible for providing the assessment of need/risk and ensuring there is a timely and effective plan in place for children and families. These team has case holding responsibility for children in need.
