

What our staff have to say...

“When I first started this apprenticeship, the staff were so welcoming and supportive. I love how the setting is inclusive and how they everyone meets the needs of the children. I also love the different age ranges within the setting. Whenever there is a training opportunity, Jo (Nursery Manager) makes sure that everyone is able to participate if they want to. I am so glad I chose to do this apprenticeship!”

Chelci, Little Hulton Nursery

“The nurseries are a great place to work! I have worked here for four years now and have always felt very welcome from day one. There is a great morale within the nurseries and every day is different which keeps you on your toes! The management team are fantastic, and they help you to reach your full potential through training and learning new skills. Working with children is my passion because I was to help them achieve and grow and this job role does just that.”

Rebecca, Little Hulton Nursery
