

Head of School Improvement

Application pack

Dear Colleague,

Thank you for your interest in the post of Head of School Improvement at the Altus Education Partnership. I hope that you will find this pack useful in completing your application.

The Altus Education Partnership was formed in April 2017. It is a multi-academy trust formed from Rochdale Sixth Form College, and dedicated to the improvement of education in the borough of Rochdale. The sixth form college opened in 2010 to address the significant underachievement in A Level performance in the borough. Since then, it has raised achievement in the area dramatically and become nationally recognised: the college is Ofsted outstanding, and regularly one of the highest performing colleges in the country according to the DfE's performance tables and national achievement rate tables.

The Trust's mission arose from, and builds upon the successes and values of, the sixth form college. In short, our mission is to create a family of academies from early years to 18 that enables students in the borough to progress to an aspirational career, a fulfilling life and to make a positive contribution to society.

The role of Head of School Improvement is essential for us to achieve our mission. We are looking for an exceptional individual who has vision, is an excellent practitioner, and has a successful track record of departmental or school improvement. They must also have the dogged determination to support the continued improvement of education in Rochdale.

Most immediately the successful candidate will work closely with our new school, The Edgar Wood Academy, and Kingsway Park High School (which aims to join the Trust by November 2021). As the Trust grows, so too will the role, gradually taking on cross-trust responsibilities. As per the Altus scheme of delegation, the Head of School Improvement will work with senior staff in high performing schools to maintain and support the quality of education. However, where the Trust's schools are identified as requiring more support, then the successful candidate will need to work in a more directive and supervisory manner to drive improvement.

We wish to appoint someone who will make a tangible difference to education in the borough. In return we promise a supportive and enjoyable working environment, and the resources needed to carry out the role to the highest standards.

I very much look forward to hearing from you.

Yours faithfully

Richard Ronksley
Principal/CEO
