

Why Bolton?

Bolton 2030 is our long-term vision for our borough. In Bolton our vision is to support people to Start Well, Live Well and Age Well. This includes supporting our children to get the best possible start in life, so they have every chance to succeed and be happy.

Here in Bolton, we keep children and young people at the centre of all the work we do. We strive to offer families the support and intervention they need to make and sustain positive change so they can safely meet the needs of their children wherever this is possible, and when children cannot remain with family that they have timely plans of permanency.

We are an organisation that genuinely cares for its workforce and the community it works with.

There is a culture of authenticity in which we bring our true selves to the workplace and this is what makes Bolton a special place to work.
